An impressive and large scale Continental 18th century oil on canvas painting. The painting is framed within a fine walnut frame with a carved wrap around Les Oves pattern. The painting depicts a beautiful and most charming scene of gardens and a beautiful monument with a large statue at the center. In the forefront is a striking fountain with dolphins and with figures dressed in period attire around it. In the background are wonderful, tall cypress trees below a beautiful sky. Leading up each side are wonderfully detailed floral movements framing the scene at the center.
