A high quality French 19th century Louis Philippe Period Baccarat Crystal and Ormolu water fountain. This most elegant fountain is raised by a square Ormolu base with a top decorative band of palmettes all below the cut diamond shaped Crystal support. The elongated Baccarat Crystal dispenser showcases straight cuts at the base with a central spigot below a diamond cut pattern continuing around the top of the fountain. The top of the dispenser has an Ormolu rim with an elegant twisted design. The rim supports the most decorative lid with a large scale top finial.
