A most elegant French 19th century Louis XV st. ebonized fruit wood and ormolu Bureau Plat. The desk is raised by fine cabriole legs with pierced foliate ormolu sabots and a striking ormolu fillet which leads up to a richly chased foliate corner mount in a superb satin and burnished finish. An ormolu fillet extends up each leg and along the scalloped shaped frieze with three drawers, each displaying detailed berried laurel ormolu pulls and ormolu keyhole escutcheons. Above is the original gold tooled burgundy colored leather writing surface framed within a ebonized fruited border, pegged in the eighteenth century fashion, and a mottled ormolu band following the contours of the shape of the desk.
