A beautiful and high quality French 19th century Louis XV st. Kingwood, Tulipwood, and Ormolu side table. This wonderful kidney shaped freestanding side table is raised on four finely tapered square cabriole legs with foliate decorated sabots. The four legs are connected by a butterfly veneered Tulipwood display shelf with a mottled edge Ormolu gallery. The legs have a mottled edge vertical Ormolu band extending up the spine to the foliate decorated top cap which is finished with an elegant blooming flower. The top cap above both front legs flank the center drawer which contains butterfly veneered Tulipwood panel and a foliate decorated Ormolu keyhole escutcheon. The kidney shaped top is beautifully decorated with butterfly veneered Tulipwood, scrolling Kingwood movements, and finely detailed marquetry inlays depicting musical instruments and floral sprays. The stunning top is fitted within a mottled edge Ormolu gallery, accenting this table wonderfully.
