A charming and extremely elegant French 19th century Louis XVI st. Belle Époque period patinated bronze and ormolu decorative wall plaque. The plaque displays a beautiful and finely detailed patinated bronze center with three most charming cherubs playing in the waves. One cherub is playing a seashell horn while the others hold flowing fabrics. The richly chased ormolu frame displays a fine hammered and foliate design. At the base of the frame is a lovely acanthus leaf and to the top is a fine pierced foliate reserve. All original gilt and patina throughout.
