A beautiful and most elegant French 19th century Louis XVI st. double framed giltwood mirror. The oval mirror retains all of its original beveled mirror plates throughout. The central mirror plate is framed within a fine beaded border leading out to the four outer mirror plates each separated by richly carved and extremely decorative foliate reserves. An elegant tied berried laurel band extends along the border with large finely detailed acanthus leaves at the bottom. The striking pierced top crown displays an outstanding laurel wreath with a tied eternal flame and quiver flanked by charming intricately carved branches and leaves.
