A stunning French 19th century Louis XVI st. double framed giltwood mirror with all its original beveled mirror plates. The beveled mirror is framed within an extremely decorative and intricately carved giltwood band with a twisted design. Separating the outer mirror plates are outstanding carved floral reserves leading to the reeded giltwood border with a tied design. At the bottom are elegantly carved scrolled movements at the side and center. Above is the striking pierced top crown with a rich central seashell reserve, amidst richly carved detailed floral movements that drape to each side. All original gilt.
