An exquisite French 19th Century Louis XVI st. double framed oval giltwood mirror. The original central beveled mirror plate is framed within a dash and dart designed border. The original outer mirror panels have circular bevels throughout and are accented by finely carved floral reserves. The outer frame displays a striking and most decorative carved Les Oves pattern. The impressive top crown has rich carvings and foliate movements and is centered by a pierced acanthus leaf. The bottom has a similar design with scrolls and foliate.
