An exceptional and most elegant French 19th century Louis XVI st. giltwood double framed mirror. The mirror retains all of its original glass plates throughout with the central mirror plate framed within a charming beaded wrap around band. The outer glass plates display a stunning and unique jeweled design with an extremely decorative diamond lattice design and a lovely wrap around berried and floral tied wrap around band at the border. At the corners are finely carved palmettes also repeated at the center while the striking pierced top crown displays a beautiful richly carved seashell reserve flanked by charming blooming flower garlands and urns of prosperity at each side.
