A striking French 19th century Louis XVI st. onyx and ormolu pedestal column. The pedestal is raised by a square base with a fine bottom ormolu fillet and a beautiful richly chased wrap around mottled ormolu band with lovely scrolled foliate designs. The circular onyx central support displays a superb lightly curved plinth with blooming flowers tied with charming bows, and exceptional ionic capitals with striking acanthus leaves in a rich satin and burnished finish. Above is the square display shelf with a fine mottled border.
