A most handsome French 19th century Louis XVI st. ormolu chandelier. The six arm chandelier is centered by a striking acorn finial with large scrolled acanthus leaves. Each elegant 'S' scrolled arm displays a most decorative overlapping geometric pattern, is adorned with additional richly chased acanthus leaves and ending with fluted candlecups. At the center is a beautiful wrap around band with a fine Vitruvian scroll design and a striking stepped design leading upwards. The central support displays a lovely tied fluted band and a beautiful pierced lightly curved design with intricately detailed swaging berried laurel garlands and handsome rams heads centered by most decorative scrolled capital like designs.
