An impressive and large scale French 19th century Louis XVI st. patinated Bronze lamp. This wonderful lamp with all of its original patination is raised by an octagonal base with a circular and earthly platform above which supports the cherub atop. The patinated Bronze cherub is appropriately dressed in a flowing robe tied around his waist and his hands over his head holding a socle shaped figure. The socle is decorated by a fluted designed base with mottled designs above of palmette and reeded patterns.
