A remarkable French 19th century Neo-Classical st. Belle Époque period ormolu and white Carrara marble side table. The circular table is raised by handsome paw feet with acanthus leaves below fluted circular legs connected by a most decorative bottom tier with concave sides and a beautiful Coeur de Rai design. The frieze displays a lovely and most decorative wrap around band with smooth ovals amidst foliate designs and adorned with richly chased blooming flower garlands at each side tied at a central rosette. Above is the original fitted white Carrara marble top framed within an elegant mottled ormolu border.
