A sensational quality and nicely scaled French 19th century Neo-Classical st. green onyx and ormolu mounted oval centerpiece. The centerpiece is raised by a rectangular ormolu base with recessed panels of an intertwined design with central rosettes and beads. Above is an oval onyx socle decorated by an ormolu band all below the oval urn. The urn, with a mottled curved rim, has a very decorative and richly chased ormolu open winged swan on each end above ring handles. All original gilt.
