A superb and high quality French 19th century Neo-Classical st. patinated bronze and ormolu statue. The statue is raised by a rectangular ormolu base with a most elegant and decorative mottled border. Above is a beautiful maiden draped in a wonderfully executed flowing period dress. She is leaning on an elegant column with a fine laurel wreath and richly chased ormolu leaf.

The lovely maiden wears her hair in an updo tied by a ribbon and has a pensive expression as she gazes upwards, holding her hands to her face.

Wonderful proportions and original warm patina throughout.
