A stunning French 19th century Régence st. giltwood and white Carrara marble rectangular center table. The table is raised by handsome paw feet below impressive cabriole legs decorated with richly carved foliate designs. Each leg is connected by a most decorative scrolled stretcher with a central reeded topie shaped finial. The striking frieze displays a beautiful scalloped shape with carved tassels and finely carved intricately detailed profiles set on a lattice pattern. The sides and back are decorated in the same manner. Above is the original white Carrara marble top with rounded corners and a mottled border. All original gilt throughout.
