A superb and large scale French 18th century Regence st. giltwood mirror.
The original mirror plate is framed within a stunning and richly carved mottled border with intricately detailed wrap around foliate movements throughout. The straight base is centered by a lovely pierced foliate reserve flanked by scrolled wave like designs. Above are extremely decorative pierced scrolled designs at each side with a mirrored background and richly carved swaging floral garlands. Elegant lightly curved elements lead up to the most impressive scrolled top reserve with a fine mirrored background and additional lovely flowers. All original gilt throughout.
