A striking and most elegant French mid 19th century Louis XVI st. giltwood and Vert Antique marble center table. The table is raised by circular fluted tapered legs with fine topie shaped feet below block rosettes, richly carved acanthus leaves and lovely foliate top caps. Each leg is connected by a superb elongated 'X' shaped stretcher with concave sides, a fine beaded design, mottled borders and a circular central reserve. Above each leg are fine fluted designs with carved fitted foliate chandelles which flank the striking and most decorative interlocking pattern which extend along the straight frieze. Above is the original Vert Antique marble top fitted within a fine coeur-de-rai border which displays unique lightly bombee shaped sides. All original gilt throughout.
