An elegant and large scale French mid 19th century Louis XVI st. giltwood mirror. The mirror retains its original mirror plate framed within a straight base and lovely wrap around beaded and mottled band. The frame displays beautiful richly carved scrolled acanthus leaves at each corner and most decorative scrolled interlocking foliate designs with fine palmettes extending throughout. Above is a striking intricately carved fleur de lys and smooth cabochon at the top crown flanked by charming finely detailed leaves and blooming flowers. All original gilt and patina throughout.
