A sensational and large scale French mid 19th century oil on canvas painting by Marie-Auguste Martin circa 1860. The beautiful landscape painting is set within its original giltwood frame with a richly carved wrap around berried laurel band at the border, lovely curved fluted designs, a delicate twisted ribbon, and fine palmettes at each corner. The painting depicts a wonderfully executed shoreline scene with ladies bathing and washing clothes next to a boat. At the center is a man fishing off of a rock with a rowing boat and sailboats in the water with mountains in the background all below the stunning sun in the clouds.
