An impressive pair of French mid 19th century Louis XV st. ormolu candelabras. Each seven arm candelabra is raised by a circular base with cut corners, concave movements, and exceptional foliate and fluted designs. The central support displays a unique and most elegant scrolled spiraled design adorned with richly chased flowers and foliate movements in a superb satin and burnished finish. Above are three charming cherubs seemingly holding up the seven arms. Each arm displays a stunning scrolled design with striking acanthus leaves leading to beautiful floral bobeches and candle cups. The base can be separated at the first candle cup to create a single candlestick.

All original gilt throughout.
