A most decorative pair of Italian early 19th century Louis XVI st. giltwood and gilt metal mirrored sconces. Each sconce is centered by its original mirror plate framed within a beautiful lyre shaped border with five elegant string like fillets extending through the center. At the base is a fine foliate finial and acanthus leaves that lead up each side and center an elegant scrolled arm with fine reeded caps centered by a beautiful scrolled lattice pattern. Above are the lovely top crowns centered by their original oval shaped mirror plates framed within berried laurel wreaths flanked by charming richly carved flowers. All original gilt throughout.
