A very elegant and decorative pair of Continental mid 19th Century Neo-Classical st. ash wood, ebony and ormolu pedestals. Each pedestal is raised by three slender ebony legs with handsome paw feet each joined by a triangular ash wood stretcher with a beaded ormolu border. Leading upwards, each elegantly curved support displays a richly carved bird's head and wonderfully executed plumage. The top circular display tiers are decorated with fine beaded ormolu bands. Lovely proportions with all original gilt and patina throughout.
