An elegant and most decorative pair of Continental turn of the century Louis XVI st. crystal, ormolu Vert de Patricia marble lamps. Each lamp is raised by a circular Vert de Patricia marble base below fine ormolu block rosette feet and a wrap around berried laurel band. The socle shaped cut crystal supports display lovely diamond patterns also repeated on the bodies. The elegantly shaped bodies are encased with richly chased palmettes and scrolled foliate acanthus leaf handles at each side in a satin and burnished finish. Above are the lightly curved necks with reeded designs and finely detailed wrap around ormolu bands in interlocking designs.
