A beautiful and very high quality pair of French 19th century Charles X st. candlesticks. Each candlestick is raised by a circular mottled base with exceptional finely etched designs of intricately detailed berried laurel bands, lovely foliate designs, and lattice bands. The lightly tapered central support also displays a stunning array of meticulously etched blooming flowers and floral bands in a striking satin and burnished finish. Above are the elegant candle cups with additional blooming flowers, charming grape clusters, and fine spiral fluted beaded bands at the borders. All original gilt throughout.
