An elegant pair of French 19th century Louis XV st. oak side chairs. Each lovely chair is raised by fine cabriole legs with scrolled feet and beautiful richly carved foliate movements with striking seashell reserves at each corner. The scalloped shaped frieze is centered by superb acanthus leaf carvings and an additional beautiful seashell while each side is decorated in the same manner. The upholstered back supports also display lovely and most decorative scalloped shapes with finely detailed floral carvings and elegant fillets that extend along the border.
