An elegant and most decorative pair of French 19th century Louis XV st. ormolu sconces. Each three arm sconce is centered by a fine bottom acorn shaped finial below striking richly chased large acanthus leaves. Each of the beautifully scrolled arms display wonderfully executed foliate designs and movements leading to lovely floral candle cups with fine attention to detail and a rich satin and burnished finish. The backplates display horizontal reeded designs and superb pierced seashell reserves framed within foliate borders.
