A striking and very high quality pair of French 19th century Louis XVI st. Belle Époque period patinated bronze and ormolu lamps. Each three arm lamp is raised by elegant foliate topie shaped feet below the square base with concave corners and striking fluted pedestal support decorated with a richly chased wrap around berried laurel band. At the center are three charming finely detailed patinated bronze cherubs standing on a wonderfully executed ground designed base while seemingly holding up the beautiful scrolled arms above. Each arm is adorned with lovely intricately detailed leaves in a rich satin and burnished finish and tied with charming ribbons leading to floral bobeches and lovely foliate and hammered candle cups.
