A handsome and most decorative pair of French 19th century Louis XVI st. Black Belgian marble and Ormolu Urns. Each beautiful urn is raised on a squared stepped marble pedestal with mottled edges and fluted patterns on the front side while being supported on an Ormolu base plate. The circular Ormolu socle designed with mottled and reeded patterns supports the marble urn above. The urns display swaging berried floral Ormolu garlands on the front side, as well as scrolling acanthus leaves with reeded designs as handles. The circular upper rim is tastefully designed with dentil patterns on the outside, and a smooth finish on the interior.13
