A beautiful and extremely elegant pair of French 19th century Louis XVI st. kingwood, ebonized fruitwood and ormolu side tables. Each table is raised by fine square tapered legs with graceful square ormolu sabots. The legs display finely inlaid ebonized fruit wood fillets and are connected by bottom shelves. The shelves are also decorated with beautiful inlaid fillets and pierced ormolu galleries. Above each leg are remarkable richly chased ormolu rosettes flanking the central drawers. The drawers display exceptional parquetry designs with the wood grains facing opposite directions creating a most decorative effect and centered by fine tied ribbon keyhole escutcheons. The sides and tops are decorated with the same beautiful parquetry designs framed within elegant pierced ormolu galleries.
