An extremely elegant pair of French 19th century Louis XVI st. ormolu and Vert Patricia marble pedestal columns. Each striking column is raised by a square marble base with a bottom ormolu band and a richly chased foliate and palmettes designed ormolu top with a twisted ribbon. The superbly tapered central support displays a stunning and finely detailed pierced ormolu mount with charming musical instruments, a quiver, a central seashell and a fine tied ribbon. Above the fine ormolu band with palmettes design is an additional striking pierced central ormolu plaque with a finely detailed quiver and eternal flamed centered by two impressive cornucopias and foliate movements.
