An extremely elegant and high quality pair of French 19th century Louis XVI st. ormolu sconces. Each three arm sconce is centered by a richly chased bottom floral finial in a striking satin and burnished finish below the tapered central fut decorated with a fine acanthus leaf. Each of the three arms displays a superb scrolled design adorned with acanthus leaves leading to fluted bobeches and candle cups. Above the modeled architectural designs are the charming finely detailed urns with abundant flowers and fruits growing out of the tops.
