A stunning and most impressive pair of French 19th century Louis XVI st. patinated wood and giltwood decorative wall panels. Each displays an elegant giltwood border raised by a square base and leading up to a beautiful scalloped shaped top. At the center are exceptional richly carved designs of a lovely blooming flower wreath at the bottom framing the eternal flame, a quiver, a staff, and a jester leading up to an intricately detailed lyre and a French horn amidst charming musical notes, laurel branches, and fine flowers at the center. Above are additional richly carved blooming flowers below a graceful tied ribbon all set on a beautiful patinated background.
