An impressive pair of French 19th century Neo Classical st. patinated bronze and ormolu four arm sconces. Each sconce is centered by an ormolu bottom ball finial with charming feet. The tapered patinated bronze central supports are adorned with impressive winged staffs and fine tied laurel wreaths. The elegantly scrolled arms each display intricately detailed floral designs and sphinges at the candle cups. The richly chased winged caryatids are dressed in wonderfully executed period attire and are holding the arms of the sconces below.
