An impressive pair of French 19th century Neo-Classical st. Porphyry, granite, Lapis Lazuli and ormolu obelisks. Each obelisk is raised by fine ormolu feet below the square green granite base with a mottled border. Above a richly chased wrap around foliate ormolu band is the square central support with a most decorative recessed fitted Lapis Lazuli reserve at each side. The striking Porphyry obelisks above display square tapered designs leading to elegant points at the tops.
