A striking pair of French 19th century Renaissance st. ormolu and etched glass vases. Each vase is raised by a circular base with lovely scrolled foliate designs on a hammered background and fine rosettes with handsome and unique claw feet. Above the smooth socle shaped pedestal support are additional most decorative scrolled foliate designs and delicate palmettes encasing the glass vase. The beautiful flared vase displays wonderful cuts with intricately detailed etched scrolled foliate and floral designs with a striking scalloped cut border at the top.
