A striking and most decorative pair of French turn of the century patinated bronze, ormolu, and Vert de Patricia marble pedestals. Each pedestal is raised on an elegant triangular ormolu base with rounded corners and concave sides with fine scalloped feet. Three slender fluted legs lead upwards each displaying handsome paw feet with remarkable palmettes, a circular fluted stretcher at the center, and impressive richly chased eagle heads.

Above are the original Vert de Patricia marble tops fitted within most decorative reeded borders with fine rosettes.
