An impressive and colorful pair of Italian 18th century Baroque st. patinated wood and Giltwood wall brackets. Each wonderfully carved wall bracket displays a stunning faux marble plinth below an impressive patinated wood Rocaille scrolled reserve. The scrolls protrude and follow the shape of the patinated green backplates accented with mottled patinated wood bands. At the top front of each wall bracket is an exceptional and large scale ebonized wood foliate reserve below the original patinated wood display shelves.
