An impressive and large scale set of four French 19th century Louis XVI st. Ormolu sconces. Each three arm sconces have very expressive and highly detailed ram's heads at the center of each backplate. The three 'C' scrolled arms which come out of the rams mouth have fluted shapes which lead to the decorative rounded saucer with palmette designs all below the candle cups. The ram's head is flanked by mottled scrolls and a top and bottom reserve of acanthus leaves and a top and bottom central cabochon. Wonderful scale and appearance.
