A stunning and most unique set of four Italian 18th century Venetian giltwood urns and beaded decorative elements mounted into lamps. Each lamp is raised by a striking square giltwood base with a finely carved foliate band and scalloped shaped supports. The urn shaped central support displays a reeded design and lovely scrolled foliate handles. Above is the hand crafted, intricately designed and masterfully executed beaded floral arrangement, with charming and most decorative flowers and striking foliate movements, with silvered glass accents. All original gilt throughout.
