A sensational true pair of French 18th century Terra Cotta statues of charming young children playing with a bird. Each statue is raised by a circular base with a ground like design, wonderfully executed flowers and striking tree trunks. The young boy at the right is seated, draped in a flowing fabric and is playing with a bird. The young boy to the left is looking on eagerly to share in the fun of playing with the bird. Lovely subject matter. All original warm patina throughout.
