A striking and very high quality true pair of French 19th century Louis XIV st. ormolu and patinated bronze lamps. Each lamp is raised by an exceptional and most decorative curved ormolu base with superb central foliate and berried reserves and scrolled feet with impressive richly chased dragons amidst beautiful acanthus leaves. At the center, the lamp to the left displays a handsome man draped in wonderfully executed flowing attire with a cup in his hand while the lamp to the right shows a beautiful maiden also draped in a fine robe and both seated on intricately detailed eagles.
