A remarkable and most decorative true pair of French 19th century Louis XVI st. Belle Époque period ormolu and patinated bronze lamps. Each lamp is raised by an elegant scalloped shaped base with fine foliate topie shaped feet, lovely grape clusters and grape leaves amidst richly chased foliate designs centered by a lightly curved fluted socle shaped pedestal support. At the center are charming richly chased ormolu cherubs draped in a lovely patinated bronze flowing fabric with the cherub to the left standing on fruit while the cherub to the right displays an urn at his feet amidst lovely foliate designs. Each cherub is seemingly holding up the beautiful foliate bobeches and floral candle cups above.
