A beautiful and very high quality true pair of French 19th century Louis XVI st. ormolu and patinated bronze statues signed A. Mahuet. Each small scale statue depicting summer and autumn is raised by an elegant circular mottled ormolu base with a wonderfully executed ground design where the charming young man and young lady are standing. The young girl depicts summer with wheat growing at her feet and draped in a flowing garment and holding her harvest in a blanket while the young man depicts autumn also draped in a fine flowing garment with vines at his feet and carrying his harvest of grapes in his shirt.
