A beautiful and extremely decorative true pair of French 19th century Louis XVI st. silvered bronze, silver leaf, and crystal sconces. Each two arm sconce is centered by a most elegant urn shaped bottom crystal reserve set on a silvered leaf background. The scrolled silvered bronze arms seemingly grow out of the crystal urns leading to elegant glass bobeches adorned with lovely crystal pendants and charming single amber colored pendants. Wonderfully executed branch like designs extend upwards adorned with wonderful leaves, crystal flowers and lovely smooth teardrop shaped crystal pendants.
