A most impressive Italian 18th century Baroque st. giltwood and Brèche d'Alep marble console. The console is raised by striking elegantly scrolled legs with topie shaped feet and a superb array of carved foliate designs and stunning scrolled corner carvings. The scalloped shaped apron displays a beautiful and most charming lattice pattern centered by remarkable and most unique scrolled foliate designs and acanthus leaves in a rich satin and burnished finish, also repeated on each side. Above is the original Brèche d'Alep marble top with a most elegant and graceful scalloped shape with a fine mottled border and rounded corners.
