A handsome Italian 19th century Baroque st. Walnut side/center table/desk from Tuscany. The rectangular three drawer desk is raised by elegant carved lightly scrolled feet below beautiful scalloped and baluster shaped supports with a central mottled circular cabochon reserve each connected by a most decorative stretcher. The straight frieze displays a fine wrap around mottled band with three drawers each displaying lovely turned pulls framed within a mottled border with recessed panels at each side and three faux drawers at the back decorated in the same manner. Above is the solid Walnut top also displaying a fine mottled band and beautiful dentil design at the border. All original rich patina throughout.
