A stunning Italian 19th century Louis XVI st. alabaster and Vert de Patricia marble statue. The charming statue is raised on its original pedestal with a fine octagonal shaped base below the socle shaped support, an elegant circular fluted and foliate designs. Above is the beautiful intricately detailed alabaster statue of a handsome young man courting an elegant young lady.

The lady is seated, dressed in a wonderfully executed flowing dress with lovely dentil detail and is wearing a charming bonnet tied under her chin. The chivalrous young man is leaning on a wooden fence behind the woman and is dressed in finely detailed period attire with a striking tied bow tie around his neck. Wonderful attention to detail and charming subject matter.
