An exceptional Italian 19th century Neo-Classical st. patinated off white, teal and giltwood trumeau. The original mirror plate is framed within a mottled giltwood border with finely carved foliate patterns. Leading up each side are elegant architectural columns with a striking teal background below intricately carved tied giltwood foliate designs. The columns are framed in a unique and most decorative twisted and beaded band. Above each column are richly carved bearded gentlemen centering a scrolled and foliate wave like giltwood band. The top crown also displays a powerful architectural design with beaded and fluted giltwood bands. All original gilt and patina throughout.
