A truly impressive and high quality Italian 19th century Neo-Classical st. Pietra Dura and white Carrara marble center table. This remarkable table is raised on two white Carrara marble supports with lovely wrap around palmette designed borders. At the center are richly sculpted dogs with intricately detailed paws, fur and profiles. A wonderfully executed draped fabric separates them while most decorative scrolled elements are above with a lovely foliate pattern. The rectangular Pietra Dura marble top is beautifully decorated by a collection of different marbles and precious stones. The most unique of materials is the Mother of Pearl decorations surrounding the square central reserve. Surrounding the impressive reserve are figures of scrolling designs. This top showcases the true artistic talent that went into creating this eye catching center table.
